

# Kids binoculars - make your own for bird watching

## Craft supplies you will need:

- 3 Toilet paper rolls
- 2 elastics and glue
- Hole punch
- String
- Markers
- Scissors

## Craft instructions:

Take a toilet paper roll and cut it open on one side.

Take the other 2 toilet paper rolls and place them inside the cut open one.

Next - fit an elastic over each end to secure.

Once done, punch a hole on the outside of each of the two toilet paper rolls, and then insert the string.

Lastly, using the marker to decorate the toilet paper rolls if you want to.

Voila, you have the coolest Binoculars for bird watching.
